Yes, we are going to have our monthly meeting on Wednesday 06/05/24 6:30 pm at Mike & Cindy's place 11400 E Douglas.

We are going to order in pizza for everyone so please be on time so we can get a head count and order the pizza.

We will have some bottled Culligan water to drink or if you want something else, then bring it.

I would also like to mention, please wear your MCR 2024 Fluorescent shirt so I can reimburse you the \$10.00 or \$13.00 that you paid for the shirt. If you purchased your own fluorescent shirt somewhere else I will reimburse you also based on our pricing.

If you registered for the car show and ordered shirts or something but were not able to show up, we should have your stuff for you at the meeting this month.

We put on a great show for the 37th Annual MCR 2024 and I would like to thank everyone that helped with the show. We could not have done it without all of you pitching in to help. Hopefully, 😊, we will have all of the numbers to share with everyone at our meeting this month.

I know that we still owe money to some of you out there so please come to the meeting and get paid.

If Fuzzy's took your meal token, the Bicentennial coin, and you want it back please let me know at the meeting and I will give it back to you. They were not supposed to take them, they were for you to keep. I got them all back for us.

Do not forget to bring your show and tell item to the meeting.

We need to plan a cruise out to Lubber in Cheney this month on a Wednesday, maybe the 19th???. Think about it so we can make some plans to cruise out there together to thank them for helping support MCR 2024. I think we need to do it sometime after 5:00 and then maybe we can go somewhere in Cheney to eat together.

Think about it and help to make some plans.

Wichita Burner enjoyed having us at their open house last year and they would like to do it again this year. Right now they are planning their open house for Wednesday September 18 around lunch time. There will be good parking for all of our cars and FREE FOOD and soft drinks. Please put it on your calendar and plan on attending.

I think everyone that attended MCR 2024 should have received a flier from the Mid America Chevelle Club about their Chevelle show in September. They always do a good job and have a good show so you might plan on attending.

I would also like to mention that the KC Chevelle club MACC has volunteered to host the Midwest Chevelle Regional in 2025. It should be a good show and be held at a hotel this time. Please plan on attending in 2025.

The 9th Annual Riverfest Classic Car Show will be on Saturday, 8 June and we are looking forward to seeing you there. For 2024, we are back in the cool indoor comfort of Century II Center and will be utilizing Convention and Exhibition Halls. Show hours on Saturday will be 11AM thru 5:00 PM. Since this is an indoor show and space will be limited, we request that you pre-register for the event. Car entry will be Friday afternoon and evening through the Waterman door in Expo Hall and move through that hall into Convention and Exhibition Halls. Exit will be via that same route Saturday evening. For those who wish, cars may be left overnight until no later than noon Sunday, 9 June. Entry Fee is \$25.00 and, as always, will include one River Fest button.

Also, for 2024, we are utilizing CarShowPro, an online service, to help manage the show processes. As such, you can enter your vehicle at <https://carshowpro.com/event/1783> and pay the \$25 entry fee with your credit card. You also have the option of the visiting the Festival office at 444 E William to enter your vehicle.

Registration may be completed at:

This site will allow you to upload a picture of your vehicle and save that information for future show registrations.

Don Overstake, a WACO member, has a 468 CI engine for sale and you can hear it run if you are interested.

Brian McNeil, a WACO member, has a couple of cars to sell.

I am looking to sell a couple of my cars and some parts. I have a 1970 Chevelle LS6, red automatic, that is on the LS6 registry and had a frame on restoration performed by Rick Nelson of Muscle Cars Design and Restoration. The car doesn't have documentation, but Rick has all the photos for the unit. I also have a 1971 Monte Carlo SS 454, triple black in color, with all options. It had a complete three year restoration performed on it. I have a spare LS6 engine for a 1970 Chevelle LS6 4 speed that Rick Nelson restored for me as a spare, a TH400 automatic transmission, rear axle housing for a 1970 Chevelle F41 suspension that came off a LS6 car with a date code of Jan 1970.

I'm not sure how to post this stuff or sell it, but I would like them to go to good homes. Maybe you could share the above with some of the regional/local club members. People can reach out to me at my email or cell phone number if interested. Let me know about the club membership dues and I'll get those paid if I owe anything.

Respectfully yours,

Brian McNeil
