WACO Family and Friends;

I think that we had a great cruise out to Lubbers in Cheney. The day turned out to be a good one with the weather straightening up in the afternoon and allowing us to cruise with no rain.

I believe that we had 15 cars / members that met at the Pit Stop and when we arrived at Lubbers there were another 4 or 5 already there.

We have Mick and Margaret to thank for making all of the arrangements and taking care of all of us. The pizza was good and the company even better.

WACO meeting date change. Since our regularly scheduled meeting would be on the third of July we have decided to change the meeting date for July only, to the 10th of July. As far as I know we should still be able to meet at 6:30 at Mike and Cindy's place, 11400 E Douglas.

Ladies of WACO,

It's time for our June lunch! Let's get together on Tuesday June 25, 2024, at 1 PM at E & J's Eatery located at 200 W. Main Street, Valley Center, KS. Tammy suggested this location. It is a BBQ place that serves all their sandwiches on garlic waffle buns. Sounds interesting! Please RSVP to me by Monday, June 24. Hope to see you all there!

If anyone is looking for a 1967 SS, here is your chance to own one.

I did want to let you know that I might be interested in selling my 67 SS red 4 speed Chevelle but it would be in the \$50,000 plus range. I do have \$20,000+ of receipts. I would eventually get another one but I would like an automatic with power steering and possibly ac. I know the vin # validates a factory 396 SS but not sure on the motor. I know it was completely rebuilt and I believe it is the original motor. Miles is less than 40,000. I have not actually advertised it yet but wanted to let you know in case you might know or hear of anyone that might be interested. Thanks Roger Wiggett rwiggett@cox.net

Don Overstake, a WACO member, has a 468 CI engine for sale and you can hear it run if you are interested.

Brian McNeil, a WACO member, has a couple of cars to sell.

I am looking to sell a couple of my cars and some parts. I have a 1970 Chevelle LS6, red automatic, that is on the LS6 registry and had a frame on restoration performed by Rick Nelson of Muscle Cars Design and Restoration. The car doesn't have documentation, but Rick has all the photos for the unit. I also have a 1971 Monte Carlo SS 454, triple black in color, with all options. It had a complete three year restoration performed on it. I have a spare LS6 engine for a 1970 Chevelle LS6 4 speed that Rick Nelson restored for me as a spare, a TH400 automatic transmission, rear axle housing for a 1970 Chevelle F41 suspension that came off a LS6 car with a date code of Jan 1970.

I'm not sure how to post this stuff or sell it, but I would like them go to good homes. Maybe you could share the above with some of the regional/local club members. People can reach out to me at my email or cell phone number if interested. Let me know about the club membership dues and I'll get those paid if I owe anything.

Respectfully yours,

Brian McNeil
