WACO Family and Friends;

Where has this week gone?

Below is a link to a notification on a stolen classic car. It is a 1958 Chevy Impala. Follow the link to read the story.

This show does sound like a good show to attend. I hope to see some of you there.

Next is a car and airplane show that sounds very interesting, **Cars and Cockpits.**

Kyle reported that his friend that had started the Cars and Coffee in Wichita has shifted the focus and is now doing a cars & cockpit event. It is held at Benton airport and is by invitation only so as to control who can come. Technically the event is full but there are always cancellations, so if you are interested in participating contact cars&cockpits@gmail.com.

Email this address to attend with a picture of your car and a little about the car, year make and model: CarsandcockpitsKS@gmail.com

July 20th! 120-140 cars for this month. There will be some nice changes as well for this month:

- Cold water station for free water
- Cold Brew Coffee will be for sale
- Hot coffee also for sale
- outdoor breakfast for sale for \$10(pancakes & Eggs) or \$15(pancakes & eggs with sausage and bacon available).
- snow cone machine for the kids
- more room for parking by the building
- STEARMAN Biplane will be on display to get a picture with your car if you'd like!
- Sugar Llamas Wichita donuts free while they last again! These are becoming quite popular lol

There might be some more goodies coming too, just waiting to iron everything out. Stay tuned

We had a good time looking at the 1931 Chevrolet Fire Truck on Saturday. After that we all went to eat at Tequila's in Valley Center for lunch. The food was good and the company even better. I have sent the pictures, that Matt took, of the outing in another e-mail.

We had really good attendance at our last meeting,
Attached are the minutes, from Becky, for our last meeting. Please read the attached for a lot more good information.

At our last meeting Kevin mention that it would be good if we started letting each other know which car shows we plan on attending. If you are going to attend a show, send me an e-mail and I will let others know.

If you took any pictures at the MCR 2024 and would like to have them posted on our web site when we do the others please send them to David Hime dhime@sbcglobal.net and we will try and get them added.

If you want to see some of the pictures from the MCR 2024 Poker Run, then please follow this link.

We could use more photos or videos for our web site so if you took some pictures or videos please let us know at this Wednesdays meeting.

The information below is from our web site. Check out the pictures and help us add more.

Well, the weather held this year. Forecasts were for showers on Friday and partly cloudy on Saturday. Luckily the two days were high and dry with only a cloudy overcast both days. The show photos are broken own into 3 pages; [Page 1](#) - 64-67 Chevelles, [Page 2](#) - 68-72 Chevelles, and [Page 3](#) - Station wagons, El Caminos, and Monte Carlos.

If you want to see some of the pictures from the MCR 2024 Poker Run, then please follow this link.

If you are looking for an **El Camino**, now is your chance to buy one. Gene League has two of them **for sale**. One is a 1965 and the other one is a 1986 or 87 I think. 😊
Call Gene for details, 1-316-648-0192 or genevleague@gmail.com.

If anyone is looking for a 1967 SS, here is your chance to own one.

I did want to let you know that I might be interested in selling my 67 SS red 4 speed Chevelle but it would be in the \$50,000 plus range. I do have \$20,000+ of receipts. I would eventually get another one but I would like an automatic with power steering and possibly ac. I know the vin # validates a factory 396 SS but not sure on

the motor. I know it was completely rebuilt and I believe it is the original motor. Miles is less than 40,000. I have not actually advertised it yet but wanted to let you know in case you might know or hear of anyone that might be interested. Thanks Roger Wiggett

Important: Everyone;

We have the chance to order more of the **WACO Club Shirts only**.

These are the shirts with the WACO logo on them, front and back.

You must reply to this e-mail and copy in David Hime (dhime@sbcglobal.net) to place your order. David H. will keep track of the orders and make sure that you receive your shirts.

Even if you have told one of us what you want, please put it in an e-mail.

These shirts can be purchased in both a short sleeve and a long sleeve shirt. You can also get the female style if desired. There will probably be an upcharge for long sleeve's but we do not know what it will be at this time, probably minimal charge.

You can also get these in **almost any color** that you desire or at least as close as they can get.

This is the pricing per each on the short sleeve shirts: women's or men's.

S - X lg \$17.00

XX lg \$19.00

XXX lg \$20.00

XXXX lg \$21.00

XXXXX lg \$22.00

Please get them on order ASAP!

Please let me know if you had any problems with the fluorescent colored shirts that we ordered for the Regionals.

Wichita Burner enjoyed having us at their open house last year and they would like to do it again this year. Right now they are planning their open house for Wednesday September 18 around lunch time. There will be good parking for all of our cars and FREE FOOD and soft drinks. Please put it on your calendar and plan on attending.

Don Overstake, a WACO member, has a 468 CI engine for sale and you can hear it run if you are interested.

Brian McNeil, a WACO member, has a couple of cars to sell.

I am looking to sell a couple of my cars and some parts. I have a 1970 Chevelle LS6, red automatic, that is on the LS6 registry and had a frame on restoration performed by Rick Nelson of Muscle Cars Design and Restoration. The car doesn't have documentation, but Rick has all the photos for the unit. I also have a 1971 Monte Carlo SS 454, triple black in color, with all options. It had a complete three year restoration performed on it. I have a spare LS6 engine for a 1970 Chevelle LS6 4 speed that Rick Nelson restored for me as a spare, a TH400 automatic transmission, rear axle housing for a 1970 Chevelle F41 suspension that came off a LS6 car with a date code of Jan 1970.

I'm not sure how to post this stuff or sell it, but I would like them to go to good homes. Maybe you could share the above with some of the regional/local club members. People can reach out to me at my email or cell phone number if interested. Let me know about the club membership dues and I'll get those paid if I owe anything.

Respectfully yours,

Brian McNeil
