

09/30/24

WACO Family and Friends;

To start with we have another **open house with FREE FOOD** (BBQ from hog Wild) that we have been invited to attend. This one is at **Inland Truck Parts and Service**, 3610 S Norman Street, Wichita, KS 67215. It is located at K-42 and South Tyler on the South side of K-42. Kevin use to work there and can still get you good deals on stuff if you need something like a drive shaft or rear end parts. Inland also help us with the MCR 2025 regionals this year with their very generous donations.

On **Wednesday Oct 2nd Inland Truck Parts** is hosting an open house 11:00 am until 2:00 pm,. Hog Wild will be served to all that attend. **If any WACO members would be interested in driving their cars, a parking area will be available to park our cars together.**

You can go here for lunch and then attend the WACO meeting later on the same day.

Our next meeting will be on October 2nd, 2024 and will be held at Jack Blackwill's place. We should start around 6:00 pm. 6445 Interurban.

There is plenty of parking so please drive your classic to this meeting so we can have our own little show at Jack's. If you can't drive your classic please make sure that you come anyway and bring your family and friends.

This will be a meeting so don't forget to bring you "Show N Tell" item.

The **Hutch SWAP MEET** will be here before you know it. Get all of your good stuff ready to go and your lists made. It is going to be held on **October 26th & 27th**, 7 am until 6 pm on Friday and 7 am until 5 pm on Saturday. Set Up is on Thursday the 24th 12 Noon until 7 pm. We have booth spaces MB-82, 83, 84, 85.

The next event that I wanted to mention is **Don Hattan Dealerships Trunk or Treat**

Below is a note that Kevin received from Molly at Don Hattan about this event. I will share more information as I receive it.

Good Evening Kevin,

I apologize for the delay in getting this information to you. I talked with our team, and we would love to have as many vehicles that WACO can provide. If that number is still 4, that is just fine, but if more people are interested, we could probably take between 10-15 vehicles. Let me know what you hear back from the WACO members that might be interested in helping out. Thank you so much, **Molly Sunberg**, Multimedia Specialist

If you would like to take your car to this event please get with Kevin to get on the list. We need to let them know ahead of time how many of us will be helping with this event.

If you would like to donate some candy to be given out at this event, please bring it to our next meeting.

If you took any **pictures at the Wichita Burner** open house please send them to me so we can put them on our web site. I forgot my camera thus I failed to take any.

Ron Fleming has a friend, yes let me repeat that ☺ Ron has a friend, that is looking for a Chevelle Convertible, preferably a 1970 but he is interested in all of them. If you have one that is for sale or know of one, please give Ron a call.

David Hime has all of the t-shirts that we ordered. Come to our next get together and pick yours up or call David H. 316-371-7100 to go and pick yours up from him.

Christmas Party. I know it seems like it is awfully early to think about Christmas but venues fill up quickly and if we are not on top of it we will not find a good one. Mike and Cindy are always happy to have us at their place but with the great turnout that we have been having it seems like we need a little more room.

Kevin has found us what appears to be a really good place at the Motorplex at WSU. The room seats around 100 people, has video and stereo equipment and we can get it for only \$100.00 for the evening.

I am sure that Kevin will have more information for us at the next meeting.

4th is January 18th & 19th 2025 the Cars For Charity - Bill McCutcheon will be the DJ again in January 2025 and has asked Cars for Charity for us to have the same area as this year 2024, and they have agreed but they would like to have as many D-Dudes pre-register so they know how many they will have. I have attached a copy of the 2025 Entry Form for you to print out. (from the BOD and Carl - You can tell ALL the D-Dudes that all the folks - Including BOD and me enjoyed the Hawaii Theme you did at the show.)

They really enjoyed our Hawaii Theme (This year's 2025 theme is going to be Route 66)

Please don't hesitate to call if you have any questions. ☺

I am sure that all of you have already heard that Mandatory Water Restrictions go into effect on Monday 08/05/24. We are now in stage 2 of water conservation rules that will restrict those who water their lawns with City water will now be restricted to watering One Day Per Week. On their web site you can see the map that tells you

which day of the week you will be able to water. They plan on fining people who do not follow the rules.

We all knew that it was coming so we might as well get started before it gets worse.

I do hope that everyone plans on voting again this year.

You can follow one of the links shown below for Regional pictures.

I am sure that there is someone out there that is a WACO member or a friend of a WACO member that is looking for a **beautiful 1964 Chevelle**.

Ron has spent the last 30 years lovingly restoring and upgrading this car.

It is ready to go anywhere any time.

Please let Ron or I know if you want to see pictures.

I have other pictures but they are hard for me to open and resend. David Hime helped me with the attached pictures that you should be able to open easier. If you want the other pictures please let me know. David G.

1964 Chevy Chevelle Malibu Super Sport; .040 Over 350 – 358 cu.in. Engine, .510 Lift 230 Degrees Duration cam, Alum. Heads, 1.5 Rockers, 4 Bolt Forged Crankshaft, Alum. \$49,000 620-727-6857 Ron D. Ensz

If anyone is interested in owning a 1988 IROC with only 49,000 miles on it for \$11,000.00 then give Rick Miller 316-259-8349 a call.

If you are looking for an **El Camino**, now is your chance to buy one.

Gene League has two of them **for sale**. One is a 1965 and the other one is a 1986 or 87 I think. ☺

Call Gene for details, 1-316-648-0192 or geneleague@gmail.com.

If anyone is looking for a 1967 SS, here is your chance to own one.

I did want to let you know that I might be interested in selling my 67 SS red 4 speed Chevelle but it would be in the \$50,000 plus range. I do have \$20,000+ of receipts. I would eventually get another one but I would like an automatic with power

steering and possibly ac. I know the vin # validates a factory 396 SS but not sure on the motor. I know it was completely rebuilt and I believe it is the original motor. Miles is less than 40,000. I have not actually advertised it yet but wanted to let you know in case you might know or hear of anyone that might be interested. Thanks Roger Wiggett
rwiggett@cox.net

WACO Events-

WACO Monthly Meeting – Do not forget to bring your show and tell item for the meeting.

WACO Luncheon – Think about it.

CAR SHOWS: follow one of the following links.

<http://www.mulvanemarauders.com/index2.cfm>

SWAP MEETS: Please let me know if you hear of more swap meets that I need to list.

CRUISES:

Needed or For Sale items:

Edelbrock Carbs If anyone has any old Edelbrock carbs that they want to get rid of cheap, please let me know. David G. 316-706-0973

Split Bench Seat 64-67 If anyone has a 64-67 split bench front seat for sale, please let me know. David G. 316-706-0973

If you need some upholstery work done please contact Russell Webbers friend Jessie Foraker 316-932-3991 at Stardust Upholstery. He will get you fixed right up.

Don Overstake, a WACO member, has a 468 CI engine for sale and you can hear it run if you are interested.

Brian McNeil, a WACO member, has a couple of cars to sell.

I am looking to sell a couple of my cars and some parts. I have a 1970 Chevelle LS6, red automatic, that is on the LS6 registry and had a frame on restoration performed by Rick Nelson of Muscle Cars Design and Restoration. The car doesn't have documentation, but Rick has all the photos for the unit. I also have a 1971 Monte Carlo SS 454, triple black in color, with all options. It had a complete three year restoration performed on it. I have a spare LS6 engine for a 1970 Chevelle LS6 4 speed that Rick Nelson restored for me as a spare, a TH400 automatic transmission, rear axle housing for a 1970 Chevelle F41 suspension that came off a LS6 car with a date code of Jan 1970.

I'm not sure how to post this stuff or sell it, but I would like them to go to good homes. Maybe you could share the above with some of the regional/local club members. People can reach out to me at my

email or cell phone number if interested. Let me know about the club membership dues and I'll get those paid if I owe anything.

Respectfully yours,

Brian McNeil
