WACO Family and Friends.

The swap meet in Hutchinson turned out better than expected. The weather was great and a lot of things were sold. We had so many things to sell that we had to get another 20x20 space, courtesy of Kevin. Waco came out better on this swap meet than any other time that I can recall. Much of our success was due to all of the parts that Linda donated to WACO.

It was really great the way many of our club members pitched in to help. We could not have done it without everyone's help.

We closed down and left at the end of the day on Saturday. After leaving, we went to The Barn in Burton and had a good meal together. You should have been there, it was a good time for all.

Something that I think we need to work on as a club is informing other members on which car shows you plan on attending at any given time. If we did a better job of informing each other then we might have better attendance at some of the shows. Anyway, for myself I like attending shows that I know that some of my friends from WACO are going to attend.

It would also be nice if we had some feedback from people on the shows that they did attend.

Here are the October birthdays that I have collected. Wish them a Happy Birthday on their special day!

I really appreciate it when people send me interesting information on car related items so I can share them with WACO members.

Any jokes that you want to send me are appreciated also! Even bad jokes are good. 😊

If your child refuses to go to sleep at nap time, are they guilty of resisting a rest?

I heard that one of the club members found a magic lamp and realizing what it was he rubbed the lamp. The genie appeared. "What is your first wish?" the genie asks. "I wish I was rich" he answers. The genie replies, " It has been done, Richard. What is your second wish?"

Have America's best days come and gone? No, but if America is to be saved, it is YOU that must do the saving. No politician or political party will save this country. YOU are the one to whom our Creator endowed the rights of life, liberty and the pursuit of happiness and YOU must be the one to exercise your rights, defend them and preserve them for future generations

Today is the most important day of your life.

Think Before You Speak.

Think more, talk less.

Think twice, say nothing.

Think what you like, but don't say it.

There should be a filter between the brain and mouth.

Let it go!

In God we trust.

Say it, forget it.

Write it, regret it.
