

10/18/19

WACO family and Friends

Just in case you are not able to meet the rest of us at the Spangles location in Andover, I thought that I would give you all the route that we will be taking.

When we leave Spangles we will go South on Andover Road, through Rose Hill until we hit K-15. We will go left (South) on K-15 a mile or so until we reach Udall. In Udall we will turn right at the gas station and take this small back road, (yes it is paved) until we hit Hwy 160 where we will turn left (East) towards Winfield. When we reach the main road going North in Winfield we will go North until we reach the Museum which will be on our left across the street from Shindigs.

This is the best directions that I can give so good luck. ☺

Winfield Car Museum Cruise – Saturday October 19th We will meet at the Spangles in Andover (SW corner of Kellogg & Andover Road) at 9:30 am and then cruise straight South to Winfield. The roads that we will be taking are all 55 mph roads and since none of us speed, it should take us about 45 minutes to get there.

We need to arrive there by 10:30 to look at everything. After we are done looking at the cars we will then go across the street to Shindigs for lunch. After lunch we might cruise around the general vicinity of Winfield to see the sights in that area. If it works out this might be the cruise that we were going to call our “Fall Color Tour”. We will talk about it and plan accordingly.

I hate to mention it but this should be a rain or shine event since the cars are all inside. We can all drive whatever we have to get there.

Doug and Becky have a new arrival in their family.

Our new Granddaughter was born today at 12:46, RubyJune Carabelle Louise Stukey. Everyone is doing fine, they will probably go home tomorrow.

Our next WACO luncheon Tuesday October 22nd, 1:00 pm, All you can eat at the Chinese buffet in Augusta. China King Buffet, 403 Walnut street, Just South of Hwy 54 on 77 Hwy. If you would like to meet somewhere and cruise to Augusta together, then please let me know and we will set it up. I will probably have more details later.

I have mentioned it several times, **SWAP MEET** in Hutchinson. Set up day is on Thursday the 24th. We have a bunch of WACO items that need taken to the swap meet. If you would like to help get them there and set up then please meet at my house (7550 N Greenwich) at 11:00 am and we will transfer everything to the truck and trailers. It shouldn't take long to do that. If we head to Hutch by 12:00 like we usually do it shouldn't take long to set up and be ready for the swap meet.

We will try to put together an order for **Calendars** with Dale again this year. If you want a calendar or anything else that he has for sale then please let me know and we will order everything at one time. Dale has a lot

of good information in his books that we can all use. I bet that he would autograph the books and calendars for us if we asked him to.

I have ordered 50 initial copies of the 2020 calendars featuring the 1970 Chevelle. I am promised them by October 26 and I am taking preorders now. These will make great Christmas gifts for that 1970 Chevelle owner.

The cover features one red, one white, and one blue convertible. Each month from January thru November has two Chevelles featured and December has all four 396/454 engines of the SS396/SS454 options. Sport coupes, convertibles, and El Caminos are featured. See the calendar months here: <https://www.chevelled.net/calendar/2020/2020.htm>

I can offer a 10% discount on group orders (shipped to one address) off quantities of 5 or more. Get with your club members and friends and work up an order. Do not use the online PayPal or credit card order pages for this group offer. Let me know what you want and I'll send a quote. If you wish to use PayPal, I'll send an invoice via PayPal; if you wish to pay by credit card or check I'll send an invoice to a single point of contact.

Orders of less than 5 copies can still be ordered via the website but, sadly, I cannot offer a discount on fewer than 5 or more copies.

Dale - Admin [ChevelleCD](#)

Please check out our website for more automobile related things to do.
