

10/19/20

WACO family and Friends

We had a great time at the Fish Fry / Cookout on Saturday. The food was good and the conversation was great. There was plenty of fish and food for everyone and we even got to take some home with us.

I would like to thank Gerald and his wife Alicia for inviting all of us.

I would also like to thank all of the members who took the time to get their cars out and show up even with the wind blowing 45 mph. It was great when the wind died down around 3:30 and we didn't have to hold on to our plates so tightly. If you didn't make it then you missed out on a good time. I have attached a few pictures and I have sent more to Dale to put on our Web site. See them at

http://wichitachevelle.com/events/2020/fishfry/2020_fishfry.html

I have also attached the minutes of our last meeting so you can keep up with what is going on in your club. Thank You Becky.

I checked with Troy Batson about the swap meet in Hutchinson this Friday and Saturday. He said that it is still going on with the approval of the City of Hutchinson. They are recommending that we practice social distancing and that we wear masks as often as possible.

Just FYI, I did get us one more booth space from Troy. We now have 4 booth spaces, MB 80 – MB 83. We should have plenty of room for everyone's good stuff.

Our plans for setting up at the swap meet and manning the booth are as follows.

We should meet at my house (7550 N Greenwich) Thursday morning at 11:00 am. We should then be able to load all of the WACO parts and members parts into other trailers and or trucks and be ready to head to Hutchinson by 12:00 noon. We should be there by 1:00 pm and be able to drive into the building to unload. It usually only takes an hour or so to set up and then we should be on our way back home. Sometimes on the way home we will stop in Burrton at The Barn, I think it is called, for something to eat and then we head home.

The swap meet itself is on Friday and Saturday. We need, and usually have, volunteers to show up first thing in the morning to man the boot and then others that are there until the end of the day. We do need volunteers for the Saturday tear down. We usually get out of there before the swap meet is over because the crowds really clear out by midafternoon.

I hope to see all of you there.

Get your parts ready to go, it will be here before you know it.

I understand that there is a large automobile auction going on at the Hutchinson Fair Grounds this weekend while the swap meet is going on. I do not know how that is going to affect things like parking and attendance, but we will find out.

Our next **Dairy Queen Cruise** will be the last one of the year because Richard will be closing the DQ sometime around the first of November. He closes for the winter every year.

At the next Dairy Queen Cruise we will also be celebrating Richard's 89th birthday which is on Friday the 30th. He will be closed from the 30th until around the 1st because he doesn't like to be open on Halloween.

We will meet at the Dairy Queen on Wednesday the 28th at 5:30 to celebrate Richard's 89th birthday and have some free ice cream and maybe some cupcakes. Please show up and thank Richard for having us at his place on a regular basis.

We have two important things coming up that are supported by all of the car clubs in the Wichita area. I hope that the WACO members will support these two activities by showing up and donating.

Below are the two events. The names kind of sound the same but they are different events and on different days.

Kruzn for Kids 2020 (Drive Thru) / October 25, 2020 - 11:00 am to 1:00 pm

This is the show that is usually @ Pawnee & Seneca – PLEASE see attached flyer for all information!

Covid-19

For the latest information on the reopening of Kansas from the Covid-19 crap go to:
www.covid.ks.gov.

Jayme Gabbard is looking for a few 1966 Chevelle parts. Please help him out if you can. Hello, I'm looking for a glovebox door for my chevelle. possibly a radio (doesn't have to work) and possibly the glovebox door bezel. Also I might be interested in door panels. I looked on the WACO website but didn't see anything. I'm also looking for a license plate/gas door for the same vehicle. Please let me know if anyone from the group has any of these parts. Thank you, Jayme Gabbard Jerm's Workshop [<mailto:jayme.gabbard@gmail.com>]

Does anyone know of a good automobile frame checking / straightening shop?

Anthony McCubbins, a WACO member, wants to get his frame checked and straightened, if need be, while it is not attached to the body.

If you know of anyone, or a shop, that does this then please let me or Anthony know about it.

Anthony McCubbins 316-993-1971 or mccubbins2003@gmail.com

David G. 316-706-0973 or degohring@outlook.com
