WACO family and Friends;

For those of you who would like to participate in the final plans of the WACO Christmas party we are going to meet for lunch and then have a discussion on plans for the party.

If you would like to participate we are going to meet for lunch on Friday the 9th at 1:00 pm at Felipe's at Harry and Webb. We will have lunch and then at approximately 2:00 pm we will cruise over to Mike's shop to have our Christmas party discussion and make final plans.

If you can't make the luncheon, we will see you at Mike's.

It's always a good time.

Speaking of the **WACO Christmas Party** we have picked a date, **Saturday December 17th, 5:00 pm until whenever.** Mike and Cindy have agreed to hold the party in Mike's shop like we did last year. (11400 E Douglas) Put it on your calendar now and reserve the date. It is always a really good time.

We have made a lot of fun plans for the party and we do need volunteers to help fulfill those plans. If you would like to shop for kids gifts and or for prizes for the games please let me know and the club will pay you back or give you money in advance for the gifts that you purchase. **If you get the chance and are bringing children please let me know what age they are and if male or female so we can get an appropriate gift for each of them.**

We will have a gift exchange again this year for adults, limit \$25.00. We are not going to do any white elephant gifts this year.

We also need volunteers to cook / provide the main meat dishes for the party. So far Jack has volunteered to cook a ham and Mike said he would provide the turkey. The turkey may change into pork loin if Mike changes his mind. Once again WACO will pay for the meat. Please let me know if you would like to cook a main dish of your choice.

I will try to keep everyone posted on **what people are bringing for the dinner.**

Jack – Ham, Mike – Turkey, Teresa – Cheesy Hash Brown Potatoes, Gretchen and Bob Cox – green bean casserole and some kind of desert, Russell & Beth – green stuff, Jell-O w/pineapple, cottage cheese, fruit,(??), Amanda & Aryah – deviled eggs, Kevin Clark – German Sausages, Mick & Margaret – scalloped corn, David & Sandy – beef stew, Steve & Lori – Sweet Potato Casserole, Brad & Cheri – Cherry Cheese Cake, David & Connie – sugar free chocolate pie, Chester & Julie – pin wheels, etc.

During our monthly meeting we decided that we would **not have a meeting in December** since that is a very busy time of the year for most of our members and we will have a really good get together at the **Christmas Party**.

We also decided to have our January meeting on the second Wednesday of the month instead of the first Wednesday like we usually do to get away from the holidays.

WACO has some very nice WACO Work Shirts that would make great Christmas gifts for family and friends or they can be used at the WACO Christmas party gift exchange. J.

Do Not Forget to pay your yearly WACO Dues.

A good show that is coming up in January is the **Cars For Charity Show** on January 13th, 14th and 15th of 2023. You should preregister for this show if you plan on attending.

There has been a date and time picked for the **2023 Midwest Chevelle Regionals**. The Queen City Chevelle club out of Spring field Mo. Volunteered to host the event.

Here is what Mike Moore had to say about holding the event.
Gentlemen, (he obviously uses this term loosely) J

We agreed to get back together by Nov 1 to determine the site of next year's regional. I'm a week early but wanted to let you know Springfield can host the show **June 30 and July 1, 2023** at the Oasis Hotel and Convention Center. Thanks Mike Moore

We now all have plenty of time to plan on attending this event in Springfield. If you can, you really should put this on your calendar for next year.

Maybe WACO should plan ahead and try to host the Regionals in 2024.

If you are looking for a running big block 396 from a 68/69 Chevelle or Camaro call Kent Kincheloe 1-530-260-6769. Right now it is in a 1980 Chevy 4x4 so you can hear it run. He lives in Moline KS. It comes with the carb, intake, headers, most of the stuff to have it run. The headers are 1-1/2 years old, the 600 cfm carb about a year old. It has had a recent valve job done on it. He is going to pull it out of the truck to put in a diesel.

Below is a request from one of our members about doing some wiring on his auto. If you can help him out or you know someone or a shop who can help him please let him know.
